GumBuster Jr.

GumBuster's patented *GumBuster Jr.* Machine combines steam with an environmentally safe, non-toxic cleaning solution that disintegrates gum and grime on any surface indoor or outdoor. The GumBusters Jr. System out-performs the traditional methods of scraping and harsh chemicals. The gum is removed without disrupting normal business operations and eliminates those **unsightly black spots** from your sidewalk instantly.

Compact and easy to transport, the GumBuster Jr. Machine offers proven performance and reliability. The super-heated steam is delivered at 300 degrees Fahrenheit at 6.0 bar pressure (90 PSI at the nozzle).

Currently, there is no commercially available substitute or comparable competitive product with the same performance characteristics.

There is no other product that can meet the demanding need of removing gum with the method and speed of our Gum Removal System.

The GumBuster system can also be used to clean and disinfect restrooms, tile grout, aluminum, stainless steel and to remove stickers.

GumBusters' proprietary cleaning agent AAA Gumfighter Solution is extremely effective and completely non-toxic. The GumBuster gum removal system uses only 4 to 8 gallons of water per day. Our patented system removes gum from virtually any surface — indoor or out — safely and efficiently. ***The results are instant !***

Specifications

GumBuster Jr.	
Power Requirement	120 Volt 50/60Hz
Maximum Power	1550 Watt
Steam Pressure	6.0 Bar. Nominal
Boiler Capacity	3.0 Litres
Boiler Material	RVS AISI 304
Heating Up Time	Approx. 9 minutes
Autonomy	Continuous Operation
Detergent Facility	Yes
Detergent Tank Capacity	5 Litres
Indicator for lack of water	Yes
Cable Length	4 meters
Machine Dimensions (cm)	93cmx31cmx54cm – 36"x12"x21"
Net Weight	25Kg / 55lbs.
Shipping Weight	30Kg / 66lbs.
Certification/Marking	GS-TUV, CE, IPX4
Max. Boiler Temperature	165°C / 325°F
Adjustable Pressure Output	Yes

Standard Accessories

 Connector Hose A01183	 Extension Tube 500mm A01208	 Steam Lance 100mm
 Steam Lance 250mm A01210	 Joint for Brushes A01212	 Triangular Brush A01211
 Floor Brush A01213	 Squeegee A01214	 Large S. Steel Brush A01216
 Large Nylon Brush A01215	 Detail Brush Nylon A01202	 Detail Brush Brass A01203
 Safety Goggles A00096	 Safety Gloves A00097
